- *Rain Removal Systems*
- *Ventilation Systems*

Alcoa Home Exteriors makes it easy for you to raise your home's curb appeal with fresh ideas, innovative designs, and vibrant colors from our *Alcoa Living* Design Collection.

The system starts here, with America's finest selection of siding. Then we add an outstanding collection of shutters, window treatments, and finishing details that coordinate beautifully.

And with all of *Alcoa Living* Design Collection's exterior products, you get long-lasting beauty, rugged durability, and exceptional performance that's virtually maintenance-free. And it's backed by the "Best in the Business" Lifetime Limited Warranty for worry-free performance.

*True Won't Believe It...*

Liberty Elite color creates a natural look that resists the elements—impact, weather extremes, pollutants... even the sun.

And because the color is part of the siding itself, Liberty Elite hues go beneath the surface for long-lasting beauty.

## ISPT™ Comprehensive Performance Testing

- To meet Alcoa's ISPT™ (Integrated Standards of Performance) codes, Liberty Elite siding undergoes comprehensive testing to predict performance.
- To ensure strength, rigidity, wind resistance and weatherability, products are subjected to a battery of tests to earn the right to carry the Alcoa name.

## GELOY® Sun Protection

- Liberty Elite uses GE Plastics' high-performance resin to add extra UV protection to our deep, vivid hues.
- The result protects the color, resists fading and maximizes long-term weatherability.

## .048" Thickness for Strength and Durability

- Thickness creates a heavy-gauge exterior that retains strength, stability and good looks year after year.
- Thicker panels add rigidity to conceal minor wall imperfections and make siding hang straighter.
- Panel thickness also means greater resistance to life's little scratches and scrapes.

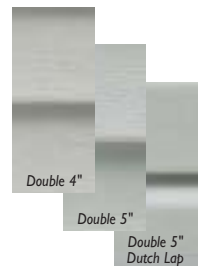

## A Medal-Worthy Warranty

- Alcoa stands behind Liberty Elite quality with a "best in the business" warranty—the Registered Medallion Lifetime Limited Warranty.

## Distinctive Profiles

- Because architectural designs vary, there are a number of profile heights and textures to complement each home's unique design.
- Double 4" produces soft, defined shadows for a traditional look.
- Double 5" provides an eye-catching, classic appearance.
- Double 5" Dutch Lap creates a slightly more defined shadow.
